## **1 Summary**

Volume II of the 2002 Regional Planning Workshops Report provides a record of the raw data collected at each of the eight regional workshops as described and analyzed in Volume I.

This volume contains the following:

- Raw data as recorded at each workshop
- A complete table of all Information Need/Gap sort by category and workshop
- A collection of invitee and participant comments in order by workshop
- A complete list of workshop invitees and contact information
- Regional Ocean Exploration Workshop Attendance Statistics
